

CUSTOM AND CORPORATE
COLLECTION

vineyard vines®

Welcome to vineyard vines. Every day should feel this good. It's our state of mind and we hope it's yours, too.

When we started this company, we knew that no matter what, we wanted to do two things really well: make high-quality clothing and accessories that people want to wear, and offer the best customer service possible. More than 25 years later, we like to think we're doing a pretty good job at both.

At vineyard vines, we're proud to offer our Custom and Corporate Collection, a hand-picked selection of customizable styles for your next holiday party, company event or school year.

No matter where the day takes you, remember, it's about the journey, not the destination. So get out there. Don't wait another minute. Chase your dreams. That's what we did.

Thanks for your support.

Every Day Should Feel This Good.

Fit To Be Tied

A quick breakdown on the three different ways you can customize a tie (or any of our other products that incorporate custom silk).

A Little Customization

Take a look at the ties that we offer on our website and choose a design that already exists. We'll drop your company logo onto the tail of the tie—it can't be seen when you're wearing it, but it gives you a chance to personalize a mainline tie.

More Customization

You send us your logo, we put it on our ties, and work with you to make sure that the patterns and layouts look correct. Easy as that.

The Most Customization

We work with you to create a custom design that represents your company. Do you work for a hospital? How about a fun pattern with a stethoscope and thermometer? Ordering ties or scarves for teachers? We can mock up a books-and-pencils pattern. We'll work with you to make sure that the design we create represents your company.

Silk Swatch Selection

CHOOSE YOUR COLOR FROM THE OPTIONS BELOW

Your custom tie pattern will be similar to the colors on the proof, but due to the nature of printing on silk, these colors can vary over time and may not match perfectly.

A 10% variation is an acceptable standard.

COLOR POLICY

Colors appear differently on computer screens, printed pamphlets and, more importantly, fabric. If you are not 100% sure of the colors you have selected for your custom products, we recommend that you request a STRIKE OFF (silk swatch). There is an additional \$350 charge for this service, and it will extend the turnaround time of the project by an additional three weeks. You can select up to four colors to have swatched.

Please note: returns based on color are not accepted, so make sure it's the color you want!
